

Instrument Gases

| Component | Purity |
|---------------|-----------|
| Hydrogen | 99.999% |
| Helium | 99.999% |
| Nitrogen | 99.999% |
| Argon | 99.999% |
| Synthetic Air | 99.999% |
| Methane 5% | bal Argon |
| Methane 10% | bal Argon |

Lighting Gases

| | |
|-------|---------|
| Argon | Krypton |
| Neon | Xenon |

Hydrocarbon Gases

| | |
|-----------------|------------------|
| Methane | Ethane |
| Propane | Butane |
| Pentane | Heptane |
| Ethene | Ethylene |
| Acetylene | Butylene |
| N-butane | Iso-butane |
| Iso-butylene | 1,2 butadiene |
| 1,3butadiene | 1-butene |
| Cis-2-butene | Trans-2-butene |
| Benzene | Ethyl acetylene |
| Methyl chloride | Methyl acetylene |
| Ethyl chloride | Propylene |
| Propadiene | Methyl bromide |
| Carbon monoxide | |

Inert Gases

| | |
|---------|-----------|
| SF6 | Deuterium |
| Neon | Argon |
| Krypton | |

Toxic Gases

| | |
|------------------|-------------------|
| Carbonyl sulfide | Hydrogen chloride |
| Hydrogen sulfide | Nitrous oxide |
| Nitrogen dioxide | Hydrogen bromide |

Pharma Gas

| | |
|-------------------|----------------|
| Hydrogen Chloride | Methyl Bromide |
| Carbonyl Sulfide | Iso - butylene |
| Butane | Propane |

UHP Special Pure Grade Certified H2 (99.9999%)

CSL provides ultra UHP H2 by special purification process for critical H2 R&D application. We assure you that UHP H2 is far better compared to other grades available in the market. CSL can supply free sample if requested for testing purposes.
